Tree Shield

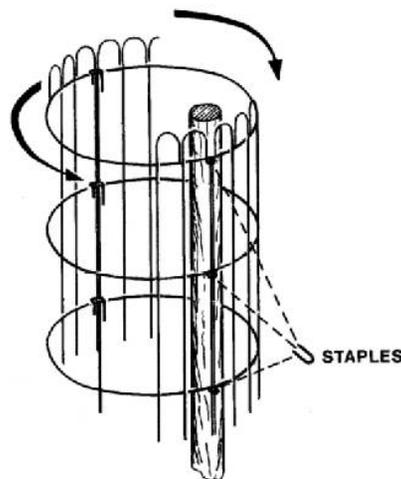

[Download page as PDF](#)

The Arbortech Tree Shield was developed to provide robust yet attractive tree protection, which has now found extensive application by local authorities and contractors in both city and urban locations.

- The shield is of sturdy, welded steel construction with an attractive black polymer alloy coating which is applied at high temperature.
- Thousands of units are now in use throughout London and other major UK cities.

Installation of The Arbortech Tree Shield is quick and easy:

- Simply position the two open halves of the shield in front of the tree and support post
- Link the two halves together using the two hinge clips provided
- Finally close the two halves of the shield around the tree and post and secure with staples to the back of the post, (see illustration).

How to order:

Email: enquiries@greenblueurban.com

Call: 01580 830 800

Visit: www.greenblue.com

TREE SHIELD

Quantity	Discount	Unit Price
1-19	0%	£105.64
20-49	5%	£99.36
50 +	10%	£95.08

Dimensions height - 1.83m
 dimeter - 350 mm

Weight 2 units packed - 15.0 Kg

- PROPORTION OF PRODUCT CAN BE RECYCLED AFTER USE - 100%
- REUSE OF PRODUCT? Yes
- PROPORTION OF RECYCLED MATERIAL USED IN MANUFACTURE OF PRODUCT - up to 98%
- QUALITY ASSURED & CERTIFIED POLYMER COATING FOR MAXIMUM REUSE - Yes
